**YOU & MATHS**   **Fractions on the 0-1 segment**

a. Draw a horizontal segment that is 24 squares long, on graph paper.

b. Label the endpoints 0 and 1.

c. Put marks on the 0-1 segment for:
- halves;
- thirds;
- fourths;
- sixths.

Which points have multiple labels? Why?

Some points have multiple labels because they are marked by equivalent fractions.
